

INSURANCE

Students can find additional information about Management (Technical) here.

Program Description

Students wanting to obtain a fast pathway into such career fields as a claims investigator, loss prevention representative, risk manager/analyst, sales agent/broker, underwriter, insurance agent, and customer service representative will benefit from the Certificate of Completion in Insurance at Bismarck State College. Introducing the basic aspects of risk management and insurance, the Certificate of Completion will be a first step in forging a career in this field.

Risk and insurance touches every aspect of daily life and business. The insurance industry employs a vast number of people, and the demand for field professionals is rising. Careers in insurance involve helping individuals and businesses manage risk to protect themselves from catastrophic losses and to anticipate potential risk problems. The objective of agents and representatives in the business of risk management is to match proper insurance products to the risks and needs of their clients.

The Certificate of Completion in Insurance is a timely way to gather knowledge and experience to jump-start a career. Students may choose from online and on-campus course-delivery options, all designed to assist in discovering the newest and best practices. This flexibility allows students to complete coursework at their convenience and on their schedule.
