## Degree Programs

The following section contains program information and curricula for students planning to start at BSC and transfer on and for students enrolling in technical programs.

Programs are organized alphabetically within the following sections: Bachelor of Applied Science, Liberal Arts & Sciences (Transfer) and Career & Technical Education.

It also will be indicated if the program is on campus, online or has limited enrollment availability.

### Program Sections

#### Bachelor of Applied Science

- For students holding a 2 year degree or higher in a technical study area, related to energy.
- Previous college coursework (non technical/energy) along with extensive energy industry/military experience may be considered in lieu of an energy related degree

### **Liberal Arts & Sciences (Transfer) Program**

- Designed for students intending to transfer on to pursue a four-year bachelor's degree
- Curricula listed is suggested for first two years toward bachelor's degree
- Students need to consult the four-year institution they plan to move on to and adjust BSC's suggested curriculum as needed

### **Career & Technical Education Program**

- For students seeking skills and knowledge for entry-level employment upon completion
- Most programs are not designed for transfer
- Some exceptions exist for students seeking management positions through the bachelor of applied science degree
- Some programs have limited enrollment, with admission to the program on a first-come, first-served basis

Availability of courses is subject to change as necessary or due to availability of resources and/or student enrollment.

#### **The type of degree is indicated by the following abbreviations:**

BAS = Bachelor of Applied Science

AA = Associate in Arts

AS = Associate in Science

AAS = Associate in Applied Science

D = Diploma

C = Program Certificate

COC = Certificate of Completion
