

FAILURE TO MEET DEGREE REQUIREMENTS

The student is solely responsible for making sure all degree requirements are met.

- Students who fail to apply for a degree by the last day of the semester of graduation may delay the awarding of the degree until the following semester.
- Degrees will be denied for students who have not completed all degree requirements within 30 days of the end of the semester in which they applied to earn that degree. Once denied, a new Application for Degree must be submitted for the semester in which they will earn the degree.
