Degrees Offered

The following section contains degree information and curricula for students planning to start at BSC and transfer on and for students enrolling in technical programs.

Bachelor of Applied Science

- For students holding a two-year degree or higher in a technical study area.
- The technical focus of this degree is designed to maximize the value of transfer credits, professional experience, and military training in combination with additional academic coursework to build a degree relevant to workforce needs.

Arts & Sciences (Transfer) Program

- Designed for students intending to transfer on to pursue a four-year bachelor's degree
- Curricula listed is suggested for the first two years toward a bachelor's degree
- Students need to consult the four-year institution they plan to transfer to and adjust BSC's suggested curriculum as needed

Career & Technical Education Program

- For students seeking skills and knowledge for entry-level employment upon completion
- Most programs are not designed for transfer
- Some exceptions exist for students seeking management positions through the bachelor of applied science degree
- Some programs have limited enrollment with admission to the program on a first-come, first-served basis

Availability of courses is subject to change as necessary or due to availability of resources and/or student enrollment.

The type of degree is indicated by the following abbreviations:

- BAS = Bachelor of Applied Science
- AA = Associate in Arts
- AS = Associate in Science
- AAS = Associate in Applied Science
- D = Diploma
- C = Program Certificate
- COC = Certificate of Completion
